## Red School House Class

Chapel Building, Room C1

We are a discussion-based class focusing on the challenges of living as Christians in today's world. Enthusiastic interactions allow us to share both the joys and frustrations we experience on a daily basis. Interspersed with our weekly conversations on current events is an ongoing study based on the book "Introducing the Bible" by William Barclay.

## Kitchen Class

Chapel Building, Room C1

The Kitchen Class is a small group discussion circle that follows studies that strengthen our faith and help adults of all ages navigate the ups and downs of daily living. All are welcome to join the Kitchen Class. We kick off each session with coffee and goodies. It's a kind of class you can start up with any time, and don't have to feel badly if you can't have perfect attendance.

## Parenting in Partnership with God

Hottle Hall

## Chapel Bible Class

Chapel Building Sanctuary

Making the Bible relevant to living in today's world is our main focus. The class is taught on a rotational basis. You do not need to be familiar with the Bible. Progress is not based on getting through the material in a particular time, but rather reflecting and learning what each passage has to say to contemporary believers.
